QUIET RACE FOR THE LEGISLATURE

Candidates and Friends Actively at Work During The Day.

SERENITY AT POLLS.

Ideal weather For an Election—Results Will Not be Known Until About Midnight.

The weather today has been ideal for an election, and the candidates for the democratic nomination for the House of Delegates and their friends have exerted themselves to the utmost to bring out the vote of the city and county. Messrs. J. F. Birrell, O. P. Angulo and E. W. R. Ewing were moving about until a late hour last night in perfecting final arrangements for today which is to decide who will be the democratic candidate to represent this city and county in the next House of Delegates

The work was resumed with ardor before the stars were out of the sky this morning, but the voting was quiet and those engaged in conducting the election had much spare time upon their hands while awaiting the appearance of suffragians, as the voting was by no means spirited.

Of course, at this hour no one can forecast the result. All three candidates are ropeful. It is believed that 1600 ballots—1000 in the city and 600 in the county—will be cast. The saloons were closed at sunset yesterday and will not be reopened until sunrise tomorrow.

The polls were opened at the usual hours at sunrise.

First ward—Armory Hall.

Second ward—Royal street, opposite the City Hall.

Third ward—Odd Fellows' Hall.

Fourth ward—Old Friendship engine house.

The voting was conducted at the usual places in the county.

The ballots cast in ths city at four o'clock were as follows:

First Ward	178
Second Ward	227
Third Ward	200
Fourth Ward	160
Total	765

ASKS AID FOR AMERICANS.

Consular Agent in Mexico Appeals to Government Citing Outrages.

Nogales, Ariz., July 8.—C. D. Taylor, United States consular agent of Guyamas, Mex., has protested to the State Department in Washington, against the treatment of Americans by Mexican Federals in the invested Gulf Port district. He asserted that abuse has be eninflicted upon L. M. Morrison, of Pottsdam, N. Y., an employe of a construction at Torin, and A. P. Browning, of Nogales, Ariz., a commission merchant at Guyamas. Morrison was held prisoner more than three months, the consul said. When the Federals evacuated Torin Morrison was forced to march more than 50 miles. Twenty-six soldiers died of thirst on the trip. Morrison withstood the ordeal owing to his strong constitution. Browning was also held a prisoner by General Ojeda's troops. The insurgents are credited with having smuggled a train load of ammunition into Sinaola by running it through Empalme under the guns of the Federal gunboats in Guayama harbor

State officials deny that the Mexican ships joined the Constitutionalists.

Washington, July 8—After a 10-days spent in an attempt to formulate a harmony program, the democrats of the House committee on banking and Currency began consideration today of the administration currency bill he majority members of the committee will devote five hours daily to the measure, and Chairman Glass says he hopes the bill may be reported back to the House by August 1.

Further than this Mr. Glass would not talk.

NEWS OF THE DAY.

Lying side by side in a hospital at Inglewood, N. J., dying from the effects of bichloride of mercury, are John L. Peltrowitz, only seventeen years old and his bride, who before marriage was Miss Barbara M. Ackerman, of Baltimore, Md. The young man, whose name is believed to be fictitious, told the authorities that he and his young wife were driven to take the poison because his father who is wealthy, objected to the marriage and had threatened to have it annulled.

The great estate which the late Sir John Murray Scott the eccentric millionaire and art ceismoisseur inherited from Laly R. Walace will be disposed o fas provided in his will, made in 1901, and of five codicls giving more than half of his property to Lord and Lady Sackville, the latter a daughter of the former British minister at Washington, who succeeded the Sackville-Wests a stenants at the famous country seat, Knole Park, Sevenoaks, Kent The jury of the probate court in Londan where the suit to break the will had been in progress for eight days, pronounced a verdict yesterday upholding the document.

It has become known that Walter H. Page, ambassador to England, would in all probability not have been able to accept the post given him by President Wilson had it not been for the fact that Doubleday, Page & Co., the publishing firm of which Mr. Page is a member, had decided that it was their patriotic duty to continue Mr. Page's salary of $35,000 a year a seditor of the World's Work. This done, it is said, enabled the editor to accept the appointment, which carries with it a salary of $17,500 a year, a sum considered insufficient to maintain the embassy in a dignified manner.

A daring attempt was made by a negro yesterday to assault Mrs. Jno. Jorgensen widow of Dr. Joseph Jorgensen, who represented the Petersburg, Va., dstrict in Congress years ago. The man grabbed her by the shoulder as she was walking down N street, between 17th and 18th streets, a fashonable part of Washington. Mrs. Jorgensen quickly turned and faced the negro, who became frightened and beat a hasty retreat.

The First-Second National Bank of Pittsburgh, Pa., the Frst National Bank of McKeesport, a neighboring city; the American Water Works and Gurantee Company, and the banking house of J. S. & W. S. Kuhn, Inc., were forced into the hands of receivers yesterday through the failure of the first named institution to open its doors.

Armando Rive, chief of the national police of Havana was hot and mortally wounded during a pistol fight yesterday evening in the most crowded portion of the Prado. Gen. Rva's coachman was shot three times, and two bystanders received bullets. Gen. Ernesto Asbert governor of Habana province; Senator Videl Morales, and Representative Arias, were involved in the fighting, which was the outcome of a raid made by Gen. Riva Saturday night on the Asbert Club, when a large number of members were caught in gambling. They were arrested and sentenced to a heavy fine.

It appeared certain that a strike of the conductors and motormen of the Ohio Valley Railway Company will be called. Officials of the company refused to grant recognition of the union, although they have indicated that they would be willing to grant a slight wage increase and other concessions if the men would forego recognition of the union.

Charles Stribling, who was shot through the abdomen by Robert Woods, early Sunday morning, at Woods' home, Martinsburg, W. Va., died yesterday afternoon. Woods, who afterward turned his revolver upon himself is not dangerously wounded, and has been taken to jail charged with murder. Both men at first claimed the shooting was accidental but the police have developed the fact that Woods was gunning for a neighbor, because of the latter's alleged attentions to Woods' wife, and fired up Stribling in mistake. He attempted to commit suicide when he discovered his mistake.

MINORITY REPORT TO BE SUBMITTED

Probable Hangfire in Movement For New School and Truck Houses.

MEETING OF COUNCIL.

Vacancy to be Filled in Lower Board —Chief Engineer and Overseers of Almshouse to be Elected.

The veto of Mayor Fisher of the resoution appropriating $60 for printing certain annual city reports in city newspaers wil be presented at the regular meeting of the City Council tonight. The Mayor's communication has been published in the Gazette.

The Common Council will elect a member from the Fourth ward to fill the vacancy caused by the acceptance of the resignation of Councilman Charles B. Swan.

It is probable that a joint session of both branches will be held for the purpose of electing a fire chief and superintendent of the city almshouse. Neither Fire Chief Gronau or Superintendent Joshua Sherwood of the almshouse, will have any opposition.

Reports will be made by committees on miscellaneous matters referred to them at the last meeting.

The resolution providing for the adjournment of Council until the second Tuesday in October will come up tonight. It is generally believed that it will be adopted.

The joint committee on finance and schools have met several times since the last meeting of Council for the purpose of considering ways and means for financing a proposed new high school building and modern truck house. The committees so far, have failed to be one of one accord, the majority not seeing their way clear and preferring to defer action until satisfactory arrangements for raising the money for these improvements can be reached.

But Mr. Williams of the finance committee and Mr. Leadbeater of the school committee favor immediate action ,and will tonight bring in a minority report urging expedition in the erection of the structures.

It is not believed that a majority report will be submitted tonight.

Just how Mr. Williams and Mr. Leadbeater can make a minority report upon papers referred, and which a minority cannot control, is a question. The concluding paragraph of section 16 of the joint rules of the Council reads as follows:

"Which comittees shall duly consider and report upon all matters referred to them."

Not a part or a fourth of the committee but the committee. The minority have no papers, so have no status as a committee.

Indeed, minorities of committees ask to be allowed to make a report when a majority makes one. Mr. Williams can present only papers as an individual proposition.

DUAL SUICIDES.

Two Boys End Lives For Love of Same Girl.

Pittsfield, Mass., July 8.—Because of his infatuation for a North Adams school girl, whose affections he had failed to win, it is said, James Roy Curley, nneteen years old, captain of the Drury High School baseball team, of South Adams shot himself.He went into the bathroom of his home and sent a bullet into his brain.

Edward Lunt, Curley's chum, killed himself with a revolver about a year ago.Both boys are said to have loved the same girl, whose affections neither could win. After the death of Lunt, Curley was despondent for a long time.

Both wives were present at the hearing of William Phillips at Lynchburg, Va., on the charge of bigamy. He was held for the action of the grand jury.

U. S. DISTRICT COURT.

With the opening of the United States Court for the Eastern District of Virginia, Judge Edmund Waddill, Jr., presiding, at 10:30 this morning the grand jury began its second day's work, and before noon brought in the following indictments.

U. S. vs. F. W. Harper, for carrying on the business of a distiller with intent to defraud by not paying the spcial tax.

J. T. Harper, for removing spirits on which the internal revenue tax had not been paid.

Eugene Meyers and Henry McDaniels, for removing spirits on which the internal revenue tax had not been paid.

J H. Barton, for permitting an opportunity to occur to defraud the United States while acting as storekeeper and guager.

Yesterday at 4 p. m., the grand jury went into session for a few minutes for the purpose of clearing up its records of the day's work. They returned three additional indictments as follows:

John Jones, placing together different parts of two or more notes so as to produce one instrument with intent to defraud the government; John Jones, passing forged obligations of the United States; Chesterfield Jenkins and others, aiding prisoners to escape from Occoquan, and Harvey Williams, violating the white slave laws.

The petit jury selected and sworn in at noon today was composed of the following: W. H. P. Kelly, George H. Robinson, and J B. Drew, of Alexandria; W. S. Hitt, of Fredericksburg, J. Samuel Burke, Horace F. Crismond, C. C. Hollister, and S. W. Sisson, of Fairfax; Wm. Berry, of Arlington; A. H. Bailey, of Arlington; A. F. Bagby, and A. J. Porter, of Clarendon.

After the swearing in of the jurors Judge Waddill excused all witnesses in the case of the U. S. vs. Young until tomorrow at 10:30 a. m., and excused all petit jurors who were not sworn in on the Shanks case which was the first case to come up today.

On request of counsel on both sides, Judge Waddill ordered the court room cleared of all persons not directly connected with the trying of the case of Arthur Shanks, alias Arthur West, accused of improper conduct on the government reservation at Rosslyn.

After clearing the court room, the Judge ordered that the trial of the case be conducted under closed doors, no one being allowed in the court room except those directly concerned in the trial of the case.

As there are a large number of witnesses to testify for both sides in the case, it is probable that the trial will be a prolonged one.

The grand jury was discharged at 2:30 today after being complimented by Judge Waddill for being unusually industrious. The following were the indictments returned by the grand jury:

Wm. T. Reed, for carrying on the business of a retail liquor dealer, Wm. E. Jones, C. M. Liles, Ellis Brewer and Wm. F. Graves, the same offense.

Davis W. Arrington, for unlawfully opening letters and removing their contents.

Joseph H. Barton, for permitting violations of the internal revenue laws while acting as a storekeeper and guager.

W. P. Rudasill, for unlawfully using postage stamps belonging to the United States.

The court also disposed of the following cases that were brought up for consideration at this term:

W. E. Trusles ,charged with unlawfully opening a letter. He was fined $100 and discharged.

The case of Minnie Hahn, alias Minnie Smith, charged with violations of the white slave act, was set for the next term of court and she was released on her own recognizance.

In the case of C. P. Dean, charged with unlawfully shipping game, the court assessed a fine of $50 and costs upon the defendant he pleading guilty to the charge.

In the case of Wm. L. Young, colored, the prisoner pleaded guilty to a charge of the larceny of a pair of pants, an interstate shipment. As the defendant had already spent two months in prison previous to the indictment, the Judge ordered the prisoner discharged after serving one hour in jail.

Several of the indictments were transferred for trial to Richmond and Norfolk.

QUEBEC TO MIAMI NATIONAL HIGHWAY

Meeting of Residents of Fairfax County Who Favor Telegraph Road.

TRIANGULAR FIGHT.

Money Subscribed by Rival Organizations for Improving Routes Preferred by Them.

At a meeting held last nght at the residence of C. O. Pulman, attended by about fifty residents and property owners of Fairfax county, an organization was perfected to work for the designation of Telegraph Road a stretch of about ten miles between Alexandria and Lawton station, as the location for the Quebec to Miami national highway.

The formation of this organization will make a three-cornered fight among the residents of Fairfax county to have the state highway commissioner locate the national highway that part of it may pass through Fairfax county, in accordance with their respective wishes.

The organization formed last nigh elected the following officers James Roberts, president; E. S. Leadbeater, secretary, and Frank Ballenger, treasurer.

The highway matter was thoroughly discussed and several important reasons advanced for the selection of the Telegraph Road between Lawton station and Alexandria as part of the national highway.

A ways and means committee of ten members was appointed, composed of the following: James Roberts, chairman, F. Ballenger, E. S. Leadbeater, Wm. F. Downey, George West, J. E. Johnson, R. M. Pettit, E. S. Fleming, C. O. Pulman, and James Beuchert The members of this committee at once subscribed $2,000 to the fund toward improving the highway that they desire to be selected by P. S. J. Wilson, the State Highway Commissioner and the supervisor.

Several subcommittees were also appointed to assist in carrying on the work.

A finance committee composed of the following, was appointed: F. Ballenger, R. M. Pettit, G N. West, and C. O. Pulman, and a committee of three was appointed to interview State Highway Commissioner Wilson, who is expected in the city soon and present to him the reasons for the selection of the Telegraph Road. The members adjourned to meet again Monday next.

Another strong organization working for the location of the highway for their section is composed of residents and property owners living along the River Road, which is the route of the proposed Mount Vernon highway, who are working hard to have the River Road designated as the stretch through Fairfax county of the national highway.

Frank Carlin, one of the prominent workers for this route, states that over $5,000 ha sbeen collected by his organization for the improvement of that road, and that they are working to interest Congress to construct a tow-mile stretch of what is known as the Neck Road from the King's highway to Fort Hunt, which ,provided the government constructs this two-mile stretch, will give a clear route direct from Arlington to Fort Hunt, over the River Road.

H. P. Wilson, of Holland Farm, located on the River Road, an done of the active workers for the River Road route, has signified his intention to build a $35,000 residence on that road and so double the sum the committee collects for the road fun to assist in improving and securing the location of the National Highway along this route.

State Highway Commissioner Wilson wil meet a committee from this section representing the River Road residents at Richmond Friday night, July 11th, when the committee will present large number of reasons for the selection of that road as the Fairfax stretch of the national highway.

The third organization entered in this fight for the National Highway, is composed of residents favoring the Mountain Road from Patrick street bridge over Hunting Creek. his route is being urged by a number of residents along that road, which makes this fight for the Fairfax stretch of the national highway a three-cornered one.

The men were rescued with difficulty an dthe machine had to be dismanted before it could b recovered. Other contestants offered the help of their mechanics and it is possible Martin wil start late in the flight, hoping to catch up with the rest of the flyers.

The flyers are expected to cover the 900-mile course by July 17.

VESUVIUS DUE TO ERUPT.

Volcano's Seven Year's of Calm Nearly at an End.

Naples, July 8.—The activity of Mt. Vesuvius, which became pronounced last spring, is growing more accentuated. Studies by Prof. Mercalli, director of the observatory, show that the volcano from 1700 A.D. to date was never tranquil for a time surpassing seven years. At the end of the seven-year period, which corresponds wit hthe present year, that length of time having elapsed since the eruption of 1906, the volcano enters an eruptive stage. Professor Mercalli says, however, this does not mean a violent eruption necessarily is imminent.

The crater today is emitting a quantity of vapor composed of chloric acid.

DISTRESS AMONG WORKMEN.

Thousands Are Starving in Polish Mill Town.

St. Petersburg, July 8. —Pitiful stories of distress are coming from Lodz, Poland, where 1,000 workers in the textile industry are locked out and 10,000 others are being employed on short time. Starving men are succumbing on all sides. Many are dying in the streets; there has been an alarming increase in suicides, and the infant mortality is the highest on record.

These conditions are alleged to be due to the Balkan war, which has caused stagnation in the textile trade generally. Social Democratic members of the Douma have demanded that the government take up immediately the work of relief of the unemployed, and this has been promised, but little effective assistance is expected.

The government meanwhile has actually forbidden the workingmen to organize relief measures for their stricken brothers and comrades.

SERVIANS DEFEATED.

Turkey Prepares to Enforce Her Demand That Bulgars Leave Ottoman Territory.

London, July 8.—The success of the Bulgarian division which appeared at Varanja in the rear of the Servian line, yesterday, is told in dispatches from Sofia. It is declared that the Bulgarians entered the city, captured huge quantitnes of ammunition, and then proceeded northward along the Moray river, being successful in every maneuver and cut off the Servian retreat.

An unconfirmed report received here that Turkey has demanded that Bulgaria evacuate that part of the Ottoman empire which went to Balkan allies by the terms of the peace treaty signed in May, has added to the complication of the situation. The Turkish troops are preparing to take the field, according to this report.

The Roumanian army will be mobilized by Friday. It is expected to immediately invade Bulgaria.

Doctors Use This for Eczema

Dr. Evans, Ex-Commissioner of Health, says: "There is almost no relation between skin diseases and the blood." The skin must be cured through the skin. The germs must be washed out, and salves have long ago been found worthless. The most advanced physicians of this country are now agreed on this, and are prescribing a wash of wintergreen, thymol and other ingredients for eczema and all other skin diseases. This compound is known as D.D.D. Prescription for Eczema.

Dr. Holcies, the well known skin specialist writes: "I am convinced that the D.D.D. Prescription is as much a specific for eczema as quinine for malaria. We have been prescribing the D.D.D. remedy for years."

We ourselves vouch for the D.D.D. Prescription for eczema and absolutely guarantee that it will take away the itch the instant you apply it.

If you are suffering from any form of skin trouble we would like to have you come to our store, for we have had the agency of this remedy for so many years that we can tell you all about D.D.D. Prescription and how it cures eczema. In fact, we are so sure of what D.D.D. will do for you that we will be glad to let you have a $1 bottle on our guarantee that it will cost you nothing unless you find that it does the work. For that matter a trial bottle for 25c ought to be enough to absolutely prove the merits of the remedy.

Drop into our store anyway and we will tell you all about this great remedy.

CONFESSES SEVEN MURDERS.

Remarkable Statement Leads to Re-opening Murder Mysteries.

Los Angles, Cal., July 8—The po- ce have sent to the State Authori- es of Ohio a copy of the remarkable confession of Simon P. Helfenstine, fty-two years old, who said he kil- ed Pearl Bryan and committed six ther murders. He was being held ere on a charge of issuing several raudulent checks.

According to Helfenstine, he shot nd killed Pearl Bryant at Toledo, hio, and took her body to the place ear Cincinnati, where Jackson and Walling, the men who died for the murder, dissected it. He said he took wo rings from the fingers of the ad girl and gave them to Minnie ewart, who lived in Bellefontaine, hio. He said he received $4,000 for e murder. ASSAILED BY FOUR NEGROES.

Richmond Woman Knocked Down—One Assailant Caught.

Richmond, July 8.—While walking along the Three hopt Road, in West- hampton, yesterday morning ot take a car for Richmond, Mrs. David Clarke, living on that road, was at- tacked by four negroes, knocked to the ground and robbed of her purse containing about $10.

One of the negroes accused of robbing her was caught about 2 o'cock in the afternoon and later taken to Henrico county jail.

along the Three Chopt Road in West- by the attack, although she sufferea bruises from being felled to the ground and dragged along the road while the negroes were wresting her pocketbook from her.

Norfolk, Va. July 8—Part of a 12-inch shell came dangerously near striking the yacht Mayflower, with President Wilson on board, while the vessel was proceeding up the Potomac River, en route to Washing- ton last Thursday.

The shell was fired from the In- dian Head proving grounds below Washington, where scores of big and little guns are tested each week. The President was sitting aft with his physician Dr. Cary Grayson, when the report of the gun was heard, and almost at the same time part of the death-dealing projectile pass- ed over the Mayflower, and fell in the water, 300 ft., away. The pro- jectile fell in the water just left of the wacht,and it made such a screech- ing noise before it fell that men be- low on the Mayflower rushed on deck to ascertain the trouble.

The shell continued on its way, but the rotating band, a heavy piece of steel, twelve inches in diameter, which caused the shell to turn as it pierced the air flew off at a tan- gent at a rate of 3,400 feet a second.

President Wilson expressed the opinion that the proving grounds at Indian Head were a dangerous men- ace to navigation. The President did not show any outward signs of fear but declared that it would be a good plan to do away with the testing of guns at Indian Head. He favored selecting some spot where there would be no danger to passing ships

He said fishermen were in immin- ent danger of being struck by shells from Indian Head. Before proceed- ing to Washington, the president learned that upward of 50 guns are tested each week at Indian Head and it had been the custom to keep a picket on the river along the line of fire to warn passing craft of danger. Up to this time there has been no accident.

VIRGINIA POTATO CROP.

Accomac County Reports Largest Shipments in Many Years.

Onancock, Va., July 8.—During the month of June 3,500 cars of Irish po- tatoes were shipped through the East- ern Shore of Virginia Produce Ex- change, against 2,000 barrels, the largest June shipment of any previ- ous year.

The Baltimore, Chesapeake and Atlantic Railway Company has moved 120,000 barrels in the past two weeks. It is estimated that the yield will be 2,500,000 barrels. Prices were extremely low during the week, ranging from $1.25 to $1.60 per bar- rel.

E. T. Powell, of Wachapreague, dug 124 barrels of salable potatoes from one acre of land. The average negro man or woman can "scratch out" from 60 to 70 barrels of potatoes a day at 10 cents a barrel. One man man made $10 in one day and a boy of 9 years was more than proud of the $3.20 he carried home at night.

Half of the crop has not been mar- keted yet. The yield is enormous, three-fourths of the potatoes being large enough to ship.

Leesburg Streets Improved.

Leesburg, Va. July 8.—The town of Leesburg has greatly improved seve- ral blocks of King street, its main thoroughfare by spreading ten bar- rels of oil tar topped off with sand. The block from Cornwall to Market streets, was to receive this blessing while that part of King street run- ning from Loudoun street to the bridge received a share of the dress- ing.

It is said that this is merey an experiment and will be continued if the trial proves a success. The first experiment, however, is at a disad- vantage owing to th unusually hot weather which arrived just as the tar was distributed and it will hardly have a chance to "take hod."

The Truth About Electric Cooking

For large families where the average domestic help is employed and a large amount of cooking done, Electric Cooking will be found more expensive, and in most cases not advisable.

In small families, where no help is employed, and where nice equipment is desired, Electric cooking will be found many times more convenient, more certain in results and safer in operation—as well as reasonable in cost.

In every family a few utensils for early breakfast emergency and special uses—and for cheering up cold meals with a warm dish or two—is highly advisable from every standpoint, including that of economy.

CHOOSING CANDIDATE FOR HOUSE OF DELEGATES.

The result of today's primary election will not, of course, be known until the wee sma' hours tonight. Taken altogether, it has been one of the quietest contests ever witnessed in Alexandria. There is no vital issue before the community, the race being between three men, either of whom would doubtless represent the city and county satisfactorily in the next House of Delegates.

The campaign of the past few months has been devoid of anything savoring of the unseemly, and the matter to be decided by the suffragans is simply one of personal preference.

There are often scenes and incidents in connection with spirited campaigns which are to be regretted. Candidates are misrepresented, violently attacked and often their assailants overstep the bounds of propriety by digging up past issues and uttering words and generating bad blood which subsequent years fail to obliterate.

While it is generally assumed that candidates for public favor are public property, there is no reason why their political enemies should go to their ne plus ultra in order to cripple their future standing.

As stated above, the issue which will close at sundown today has been minus such feature, and, so far as can be seen, everything has been done decently and in order. It should be so always.

Many amusing stories of the means resorted to in order to thwart a man's political ambitions could be cited—They form chapters in the history of Alexandria. Many years ago a certain man entered the field for legislative honors, and his enemies resorted to their imagination in order to defeat him. At that time there was a large negro vote in Alexandria county. A report was started among black suffragans to the effect that the candidate was captain of a negro company during the civil war, and on one occasion made a breastworks of his command by sandwiching the colored soldiers between the federals and confederates causing the blacks to be mowed down like grass. It is needless to say that victim of this injustice never served in the army, but the negro voters kept as far from him as they would from a night doctor.

No matter how this primary comes out somebody is going to be addressed as "Hon." after today.

Mr. Bryan is going to make the Commoner a monthly instead of a weekly. Well, he is well fixed with a job now and doesn't need much publicity.

They say that money talks, but the $10,000 in stage money which highway men took away from a couple of fellows yesterday probably laughed.

Ten women have been appointed to the Chicago police force. We wonder if they are sufficiently courageous to carry revolvers ?

A big policeman in Atlantic City signed a suffragette petition after a long argument from one of sisters. He probably had to sign it or lose his job for non-attendance to his duties. Those fellows are only on beat for eight hours.

BURGESS STOP CHURCH RIOT.

Lively Time When One Faction Batters Edifice's Lock.

Mahoney City, Pa., July 8.—Rival factions disputing over the right to control St. Joseph's Lithuanian church here, of which Father Vincent Dargis is the rector, attracted a big crowd when one faction attempted to gain forcibe possession of the rectory and church by battering away the locks.

The scene was ripe for trouble when the Chief Burgess arrived and dispersed the mob, but only after sending for the State Police. Further trouble is feared.

BANK ROBBER ROUTED.

Discovered at Work, Escapes Though Fired at.

Newark, Del. July 8.—An unsuccessful attempt was made Monday night by a yeggman to rob the Farmers' Trust Company, formerly the National Bank of Newark. When disturbed in his work of sawing his way through the iron bars at one of the rear windows of the bank the yeggman escaped, though fired at by oliceman Schellender

Two weeks ago the National Bank of Newark surrendered its national charter and turned over the stock and assets to the Farmer's Trust Co., composed of the same officers, so that a general trust company business could be entered nito. Sveral attempts have been made to rob the same bank in past years.

FISHPOLE DRAWS LIGHTNING.

Bolt Kills One of Two Boys With Brass-Tipped Rod.

Pottsville, Pa., July 8.—A brass-tipped fishing rod carried by John Kopshoh, caused his death in West Schuylkill yesterday by attracting a lightning. The bolt struck the rod and killed him instantly, also seriously burning his companion, Edward Schulzer, aged 8 years. Kopshoh was 17 years old.

The boys were returning home from a fishing trip, when they were overtaken by the storm and the fishing rod was entirely burned.

GIRL AND GUN STIR FAMILY.

Wilmington Del. July 8.—Accused of threatenng to kill her mother, Mabel Sheldon a pretty 19-year-old girl whose home is at No. 8 Mousley Row, was arraigned in the city court yesterday and her case was continued until today so the court could arrange for a place of detention for the girl.

Her father testified that neither he nor his wife could control their daughter and that she "was too lazy to walk." On Monday, he said, she took a revolver which belongs to him and threatened to shoot her mother, but was unable to get any bullets in the weapon. The mother testified to the same thing, and added that her daughter chased her around the yard with the weapon. NEWS OF THE DAY.

Mrs Catherine Bussard, aged 72 years, wife of Gerge Bussard, a retired farmer, was struck by an automobile of the Antietam Garage, Hagerstown, Md., driven by Evers Spielman, and fatally injured near her home, along the Hagerstown and Williamsport Turnpike, near Half Way, yesterday morning. Her skull was fractured at the base of the brain.

More than 800 members of the Brotherhood of Trainmen and Railroad conductors momentarly are expecting strike orders from the headquaraers of the national organization in Washington The strike, if declared, will affect more than 100,000 brakemen and conductors on the railroads east of Pittsburgh, Erie and Buffalo. Ninety-nine per cent. of the conductors and brakemen voted to strike. They are asking for higher wages and better working conditions The increase demanded varies according to locality. Some of the employes are asking for a raise of from 10 to 12 per cent. while others, such as those at Washington, will be satisfied with a 5 per cent. advance in wages.

An unidentified negro who had assaulted a 6-year-old white girl at Bonifay, Fla., was taken from a railway train at Milton by a crowd of men late Saturday night, and after the arrival of a mob from Bonifay, he was hanged to a telegraph pole early yesterday morning. The negro was taken from county officers of Bonifay who had made desperate efforts to reach Pensacola with their prisoner. During the ride between Bonifay and Milton the negro was placed in two different jails for temporary protection.

The finding of the body of Miss Alice Crispell aged 19, the daughter of a well-to-da farmer in Harvey's Lake, near Wilkesbarre, Pa., and the arrest of Herbert Johnson, aged 24, a mine worker, together with the statement of a physician who performed an autopsy on the body, that the victim was murdered, has aroused the entire community. The body of the young woman, clothed in her best garments, came to the surface of the lake near a boat landing where she was last seen alive on the night of July 4th. Persons were found who had seen the girl in company of several young men on the lake on July 4th, while two cottagers at Harvey's Lake stated that they heard the shrieks of a woman on the night of July 4th.

At least 200 guests were burned to death early yesterday in a fire which destroyed a crowded hotel at Simbrisk, Russa. One hundred and fifty-four bodies were quickly recovered after the fire had been put out, and others were completely incinerated. Nearly fifty are missing. Dozens of persons went insane from the horror of the tragedy. The annual commercial fair was being held and the town was filled with visitors which accounted for the crowded condition of the hotel.

A well equipped gambling den beneath the street in Pittsburgh, Pa., the main entrance to which was a big city sewer, was raided by the police late Sunday night. Twenty-two men were captured as well as a large amount of money and gambling paraphernalia. Quietly lifting the manhole cover, the police, with the aid of several lanterns, dropped down into the sewer and after proceeding through it about 75 feet they came to an opening which led into a large subterranean room where the players were busy wagering their money. After the gang had been rounded up it was found that the entrance used to reach the underground room was a manhole situated in an unfreuanted part of Logan street.

Ten young men all said to be graduate of English and Canadian colleges are believed to have been drowned Sunday night in Lake Erie just off Crescent Beach opposite Buffalo. The young men were in canoes, and two of the canoes overturned, were found floatng n the Niagara river, near Fort Erie.

DEATH IS SOLVED.

Wealthy Woman Kills Herself to Satisfy Curiosity as to the Hereafter

Paris July 8—Fascination for the mystery of death led Miss McDuff, a young American woman of health, beauty and ideals, to take her life in a little inn in the village of Villebon, according to a theory formed by the police, who have been investigating the tragedy.

Miss McDuff was also known as Agnes Firth a name which was palpably false. She is said to come from either a New York or a Cambridge, Mass., family.

The young woman, acompanied by an Englishman arrived at Villacoublay a month ago, and the girl at once became a pupil at the Morance school of aviation.

She had no intimates save the Englishman, who departed on June 15th. He confided that he had merely chaperoned Miss McDuff.

At the hotel where Miss McDuff lived she aroused much curiosity by her curious theories concerning death and the mighty fascination which the infinite had for her.

Letters found in her effects contained the oft-repeated statement that she would willingly die to find out what the hereafter really held.

CLEARS MRS. LONGSTREET.

Senate Subcommittee Will Report That She Made Efficient And Capable Postmistress.

Washington, July 8.—Opposition by a few Senators to the confirmation of Mrs. H. W. J. Ham as postmistress at Gainesville, Ga., as the successor to Mrs. Helen D. Longstreet yesterday practically tied up the confirmation of the big list of nominations pending before the Senate.

Senator Hoke Smith insisted upon immediate confirmation of Mrs. Ham. Senator Townsend said he would object to confirmation until the Senate Postoffice Committee printed the hearing granted Mrs. Longstreet in regard to the efficiency of her administration.

The Senate subcommittee in charge of the hearings has voted to report to the full committee that Mrs. Longstreet made an efficient and capable postmistress.

TO MARCH ON CONGRESS.

Women Demand Resolution Ordering Vote on Suffrage Amendment.

Washington, July 8.—General plans for the descent of woman suffragists on the Capitol were agreed upon yesterday when officers of the National Woman Suffrage Association determined that the "attack" on the national legislature would be marked by a monster automobile parade. Suffragists from many states have advised the committee of their intention to take part.

The women will gather at Hyattsville, Md., on the morning of July 10. A reception will be held there by the local committee and, after forming in procession, the long line of motorcars will charge upon Capitol Hill.

The purpose of the demonstration is to emphasize a demand upon Congress to pass a resolution leaving to the country the question of a constitutional amendment granting the ballot to women.

Preparations are in progress for the entertainment of the visiting women. Principal among the events already arranged is a banquet at the Chevy Chase Club on the evening of the first day.

FATHER'S SUSPICIONS TRUE.

Exhuming of Daughter's Body Reveals Tragedy.

Chester Pa., July 8.—Laboring under the suspicion that the death of his daughter Florence, 23 years old, was caused from other than natural causes, Alexander Knight had the body exhumed yesterday. Under the driecton of Coroner B. F. Carr, a postm orter was performed and the fact revealed that death was due to an illegal operation. District Attorney John B. Hanum, immediately began an investigation, but refuses to make any statement.

For over a year Miss Knight had been employed at the Keystone Hotel. On June 8, the girl was taken sick and removed to the Chester Hospital, where she died the following day. Death was announced due to abscesses of the stomach. Ugly rumors aroused the suspicion of the father and he first appealed to Mayor Ward to have the police investigate. The mayor referred Knight to the District Attorney's office.

Effective Home Remedy for Tuberculosis

It is a serious matter when the lungs are affected. A trip away or to a sanatorium is not only expensive, but it involves separation from home and friends. Some are benefited, but few can safely return. Eckman's Alterative is effective for home treatment. For example:

231 S. Atlantic Ave., Haddonfield, N. J.

"Gentlemen: In the fall of 1905 I contracted a very severe cold, which settled on my lungs. At last I began to raise sputum, and my physician then told me I must go to California immediately. At this time I was advised to take Eckman's Alterative. I stayed at home and commenced taking it the last week in October. I began to improve, and the first week in January, 1906, I resumed my regular occupation, having gained 25 pounds, fully restored to health. It is now five years since my recovery has been effected, and I cannot praise Eckman's Alterative too highly. I have recommended it with excellent results."

(Signed) W. M. ATEN.

Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever; Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists.
